Re: CPHO RECOMMENDATION REGARDING TRAVEL OUT OF PROVINCE

Hello all,

Following today's updated Public Health restrictions, Hockey PEI would like to outline an important recommendation given by the Chief Public Health Office of PEI. Anyone who has returned from Nova Scotia or New Brunswick in the past week (**Since November 16th, 2020**), should limit their contacts, should arrange testing if symptoms appear, and a mask should be worn at all times — including when in the presence of other people outdoors. As for children who are returning from those provinces the CPHO recommends that while they can continue to go to school, they should not attend functions like sporting events (i.e: **Hockey** or Ringette) for the 2-week (14 days) period ending on **November 30th, 2020**.

We appreciate your attention to this matter.

Regards,

Tanner Doiron
Manager, Hockey Operations & Communications

On behalf of

Mike Hammill, President
Connor Cameron, Executive Director
